=====  
 " Tips "  
 " 1. Follow punctuation exactly as given in the example. "  
 " 2. Always work from the title page and copyright page only. Do not get the information from "  
 " the cover. "  
 " 3. If there is no author, leave it blank. "  
 " 4. If there are two authors, use the first one listed on the title page, since this is a simplified "  
 " practice activity. For correct citations, there are other rules when there is more than one "  
 " author. You will learn these rules in the future. "  
 " 5. If " Place of Publication" is not given, leave it blank. "
