

Family Health & Wellness Pledge: 2020-2021 School Year

As a Moorestown Friends School family, we understand that our community is deeply interconnected and we all play a critical role in keeping the MFS community healthy and safe.

As responsible members of the MFS community, my family commits to the following:

- Recognizing the stressful nature of the COVID-19 pandemic, I will exercise patience with others, assume good intentions, and aim to be a part of the solution.
- I will not support or participate in discriminatory behaviors related to COVID-19 and will engage respectfully with all community members. Discrimination towards people of a particular background or towards those who have been in contact with the virus is not acceptable in the community.
- I will complete a daily symptom survey for each child prior to arriving on campus.
- I will keep my child(ren) home if they show any signs of illness associated with COVID-19 or if the daily symptom assessment app indicates I should do so.
- I will keep my child(ren) home if they, others in our household, or someone close to my child (babysitter, extended family, etc.) are exposed to or test positive for COVID-19. I will notify the school immediately.
- I will keep my child(ren) home if anyone in my household or close to my child is awaiting COVID-19 test results until the outcome is known.
- I permit the school to administer a temperature check or other appropriate medical assessment when necessary. In the event my child(ren) show(s) symptoms of illness, I will promptly pick them up from school to go home.
- I will provide my child(ren) with an approved face covering on a daily basis, knowing that they cannot enter campus without one.
- I will follow federal, state, and local orders regarding social distancing and other measures to prevent the spread of COVID-19, knowing that my activity outside of school will potentially have a direct impact on those at school.
- I will abide by the New Jersey incoming [travel advisory](#) that all individuals entering New Jersey from states with a significant spread of COVID-19 should quarantine for 14 days after leaving that state. I will also avoid non-essential travel whenever possible.
- I will practice and reinforce healthy behaviors outside of school, including regular handwashing, the use of face coverings, good coughing etiquette, social distancing, and reduced mixing with others when possible.
- I will keep medical information for my child(ren) current with the school

I understand that during this global pandemic, what my family does outside of school could impact the health of other students, faculty, staff, and families. It is my responsibility to honestly, and in a spirit of partnership and goodwill, honor the commitments above. If my family is unable to uphold these commitments, I may be asked by the school to have my child learn remotely for a period of time. Because only one signature is required on this form, I pledge that every parent/guardian of this child has read, understands, and commits to the responsibilities outlined in this Pledge.
